

## **9th IPTC EXHIBITION VISITORS TO BENEFIT FROM PACKED PROGRAMME**

**29 November 2015, Doha** – Access is completely free to the exhibition at the 9<sup>th</sup> International Petroleum Technology Conference (IPTC), to be held at the Qatar National Convention Centre in Doha from **7 to 9 December**.

The exhibition itself will feature more than 90 exhibitors, showcasing the latest technologies, new products and valuable industry services. It will also be an excellent opportunity to network with the 5,000 oil and gas industry professionals expected to attend this year's event.

Visitors can enjoy 23 hours of technical content on the exhibition floor during the Knowledge Sharing ePoster Presentations, a non-technical seminar 'Participating in Qatar Petroleum Tenders', as well as additional technical presentations by exhibitors over the course of the three days.

There will be more insights to be gained in the exhibition pavilions. At the IPTC Awards Pavilion, Shell and Total will be presenting on their integrated projects that made it to the finals of the IPTC Excellence in Project Integration Awards. Over in the IPTC Youth Pavilion there will be a range of activities aimed at students and young professionals, including IPTC's Young Professionals programme, which aims to help young oil and gas professionals gain communication and learning agility skills.

On a slightly less serious note, visitors will also be able to take part in the 9<sup>th</sup> IPTC Exhibition Tour. By getting their IPTC Passport stamped as they travel around the exhibition, visitors will be entered into a prize draw to win the latest gadgets.

For more information on the 9<sup>th</sup> IPTC, and to register free for the exhibition, please go to [www.iptcnet.org/2015/doha](http://www.iptcnet.org/2015/doha)

This edition of IPTC will be hosted by Qatar Petroleum, co-hosted by Shell and take place under the patronage of His Highness Sheikh Tamim bin Hamad Al Thani, The Emir of the State of Qatar.

Principal sponsors include: ConocoPhillips, ExxonMobil, Maersk Oil, Occidental Petroleum (Oxy), RasGas, Saudi Aramco and Total.

### **About IPTC**

The International Petroleum Technology Conference (IPTC) is an annual event rotating between Asia Pacific and the Middle East. IPTC is organised to further the advancement of scientific and technological knowledge related to the exploration, development, production, transportation and processing of oil and natural gas.

The IPTC is a collaborative effort among the American Association of Petroleum Geologists (AAPG); the European Association of Geoscientists and Engineers (EAGE); the Society of Exploration Geophysicists (SEG); and the Society of Petroleum Engineers (SPE). The synergy of these four leading, individual member-driven societies provides the most comprehensive opportunity to form multi-disciplinary committees and an outstanding technical programme.
